

Clarence Givens

San Antonio, TX • (210) 913-6211 • Cla.givens@gmail.com • [Eportfolio](#)

Professional Summary

A highly motivated frontend engineer with some freelance experience. The skills gained through independent study and the UTSA coding bootcamp act as the foundation of my skills.

Education

University of Texas at San Antonio (UTSA)

Certification of Coding Bootcamp Completion | October 2022 – April 2023

Technical Skills

HTML5 • CSS • React • Javascript • npm

Projects

Gaming APP

A simple Web Application that allows users to view the most popular games on Twitch and then find their prices. This APP allows you to view the top 10 most popular games on twitch or search for a game yourself. Upon finding the game you are looking for it will take you to a page where you can view the price of the game from least to greatest

The Cassette Tape

A web application that allows guests to sign up and view events to go to. Once in the event, the guest can suggest songs to add to a playlist for a particular event so that other guests can listen to their songs.

Rappor

A MERN Stack social media to revamp and revive some old classic features. Rank your friends in a top ten list, interact with posts by only downvoting. Rappor is a truly unique social media experience.

Interests

Writing • Coding • Reading • Japanese
